COLOUR SURVEILLANCE CAMERAS FOR HIGHER SENSITIVITY, HIGHER QUALITY IMAGES, AND HIGHER COST PERFORMANCE

Panasonic's new WV-CL270 Series surveillance cameras combine a 438,000 pixel, 1/2-type CCD with the high precision of Digital Signal Processing (DSP). Their design allows you to capture images in light as low as 0.8 lx (when using an F1.4 lens). The higher quality output has 480 lines of horizontal resolution and a signal-to-noise ratio of 50dB. A rich array of additional features includes Backlight Compensation (BLC), Aperture Correction, and Auto Tracing White Balance (ATW), making these cameras ideal in a wide range of surveillance environments where applications require clear, natural, colour images of backlit or low-light scenes. Combining a wealth of features with high cost-performance, WV-CL270 Series are the perfect surveillance solution for small retail stores, hotels, restaurants, shopping malls, and parking garages.

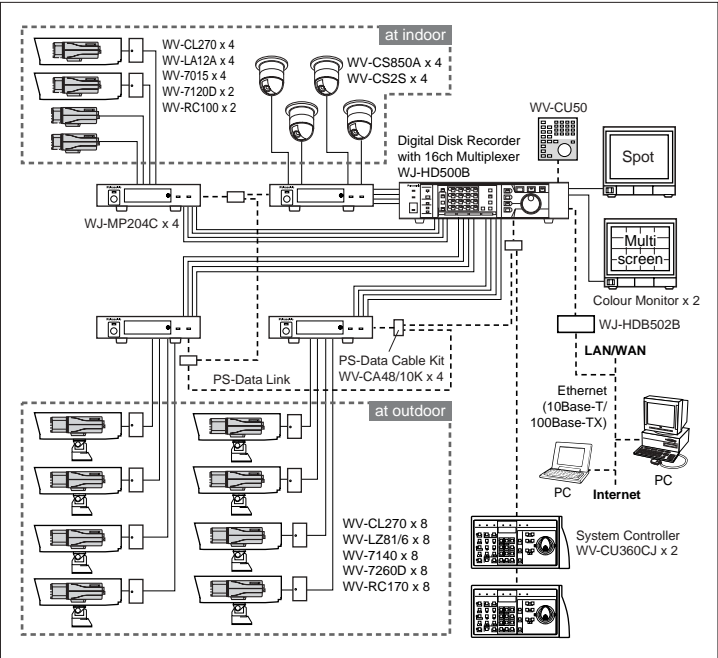

KEY FEATURES

- 1/2-type CCD pick-up element with 752 (H) x 582 (V) pixels.
- 480 lines of horizontal resolution.
- Minimum scene illumination of 0.8 lx at F1.4.
- Digital Signal Processing (DSP) minimizes aliasing (the creation of colour noise) when viewing patterned objects.
- Vertical digital enhancement and digital aperture correction improves signal strength at the horizontal and vertical edges for sharper images.
- Advanced digital adaptive backlight compensation (BLC) capability.
- Knee circuit effectively expands the dynamic range when viewing brightly illuminated objects.
- Outstanding 50dB signal-to-noise ratio.
- Accepts both DC and Video voltage for ALC lenses.
- An advanced Electronic Light Control (ELC) enables the use of inexpensive fixed iris lenses for more cost effective systems.
- Line-lock capability for roll-free picture during systems operation switching.
- VD2 sync capability with Panasonic system products.
- Optional Panasonic 1/2-type lenses are available to suit various applications.
- WV-CL270 Camera Series are
 - WV-CL270 ; 220 - 240 V AC, 50 Hz
 - WV-CL274 ; 24 V AC, 50 Hz
